

INTERVIEW TEMPLATE

Name: Roberto Campo

Group: DM2E

1. Tell me about yourself.

I am a highly motivated and organized individual. I am passionate about problem-solving and have honed my skills through my academic and professional experiences. I enjoy continuous learning to improve myself.

2. What previous work experience or academic background do you have?

I completed high school and obtained a degree in accounting assistance. Currently, I am in the second year of vocational training in application development. In my previous job, I gained experience in problem-solving and customer management.

3. How do you work under pressure? / As a team?

Under pressure, I stay focused and organized, prioritize tasks, and communicate effectively with my team.

4. Why do you want to work here? / Why have you applied for this job position?

I'm impressed by Company's reputation for innovation and industry leadership. I am excited about the opportunity to harness my creativity to solve problems.

5. What are your greatest strengths?

My greatest strengths include analytical skills, adaptability to new challenges, effective communication, and a strong work ethic. I'm also a quick learner and can take the initiative to solve problems.

6. Can you tell me your weak points(weaknesses)?

I tend to be overly critical of my own work at times, which can lead to spending more time than necessary on a task. However, I've been working on improving this balance.

7. Why are you the best candidate for this position? / Why should I hire you?

I believe I'm the best candidate for this position because of my background in using the Java language and my dedication to achieving results. I am highly motivated to contribute to the success of the team and the company.

8. Where do you see yourself in five years?

In five years, I see myself in a more senior role, leveraging my experience and skills to make a significant impact within the company. I'm committed to learning and growth in order to achieve this

9. How do you think you can contribute to our company? / What can you offer our company?

I can contribute by applying my expertise in working in a group and being self-taught to drive innovation, improve processes, and contribute to the company's success. My strong work ethic and passion for problem-solving will be valuable assets to your team.

10. Do you have any questions for me?

¿Yes, I'd like to know more about the company's long-term goals?.
